

- An app to get you out of conversations with people you don't like
 - Fake calls you/Notifications.
 - Fake calls the other person
 - Listening for phrases/tone of others
 - Recording of someone like Lenny

Look, Shark Tank guy, It's simple. This is an App to get you out of conversations with people you don't like. "Like this one?"

"Exactly."

Presumptuous presumptions:

1. People will get into uncomfortable conversations they do not want to be in.
2. People don't want to seem rude for leaving the conversation.
3. People will look for ANY excuse to get out of some conversations.
4. People are willing to download apps to avoid talking to people.

Problems, and statements.

- ❖ How often do you want people to just shut up?
- ❖ Identify why people don't want to end conversations abruptly.
- ❖ Identify what can end a conversation abruptly.
- ❖ Identify how often people want out of a conversation.

Analysis and something to do with graphs?

- Most people Want to avoid troublesome people, and have to get out of long/awkward/unwanted conversations.

Have you ever felt stuck in a conversation you wanted out of?

14 responses

- We found that most people have a moderate to high desire to avoid prolonged interactions with people that are volatile and problematic.

On scale of 1 - 10 how desperate would you be to avoid a "Karen" in your life?

14 responses

- People are willing to pay a fee for this kind of service.

We were honestly surprised that there was someone who did not want out of at least one conversation with someone else.

Yes, our finding proved that the majority would have an outside source to help give them a way out of unwanted conversation.
